

Independent Advice

Market Check provides you with unbiased and up to date research and market information from our team of commodity finance and risk management specialists. The service is structured to provide the best possible support for marketing decisions, based on our analysis of international and domestic markets. Market Check has been supporting farmers since 1995.

Membership Services		
 Strategy Update each Fortnight: Discusses marketing strategies for wheat, feed-grains and oilseeds for both growers who want hedging advice and also growers who prefer not to hedge.		✓
 Regional Market Update each Week: Includes access to “myPrice” Grain Valuation Tool which prices individual parcels of grain, taking freight into account.		✓
 Australian Grain Review Newsletter: Discusses global and domestic markets.		✓
 Market Check Conference Calls each Week: Telephone contact with Brett Stevenson and other Market Check Advisors to examine important issues in the market.		✓
 Market Alerts via fax, sms and email: Contact to prompt you when an opportunity has arisen to execute the strategy.		✓
 Daily Price Update: Member’s Section of Website.		✓
 Market Check Website Members’ Area: Voice recordings of weekly conference calls and specials relating to such issues as options, domestic grain prices etc. Also includes access to members only question/answer section of website.		✓
 Market Check Post-Sowing & Pre-Harvest Seminars: Information about longer term developments in the market plus meet other farmers who are also striving to improve their marketing performance.		✓
Price: Receive all of the above for ONLY \$375.00 GST Exclusive (Pro-rata) per quarter.		\$375/qtr

Access to Personal Advice:

In addition to the general advice services included with membership, growers may also call our independent advisers for one-on-one personal advice. Please note that **fees apply** for personal advice.
